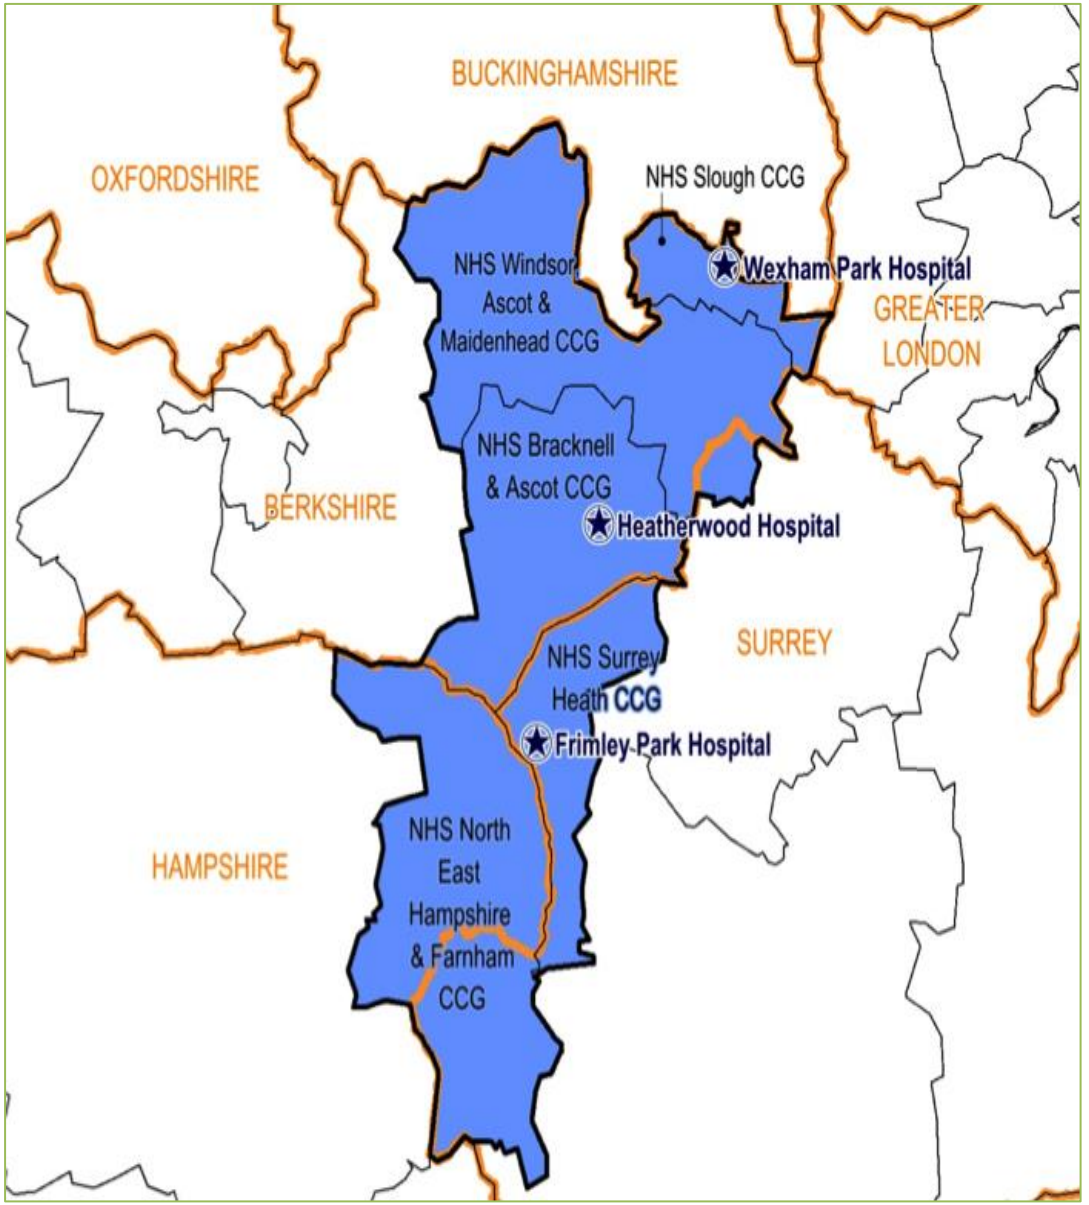
Frimley Health & Care STP
Community Partnership Forum
25th January 2017

Introduction to the Frimley Health and Care System

The Frimley Health and Care planning footprint, is the population of **750,000 people** registered with General Practitioners in five CCG areas:

- Slough
- Windsor, Ascot & Maidenhead
- Bracknell & Ascot
- Surrey Heath
- North-East Hampshire and Farnham.



System partners

NHS Commissioners

- Bracknell and Ascot CCG
- North East Hampshire and Farnham CCG
- Slough CCG
- Surrey Heath CCG
- Windsor Ascot and Maidenhead CCG

Acute care provider

- Frimley Health NHSFT

Mental health and community providers

- Berkshire Healthcare NHSFT
- Southern Health NHSFT
- Surrey and Borders NHSFT
- Sussex Partnership NHSFT
- Virgin Care

GP Federations

- Bracknell Federation
- Federation of WAM practices
- Salus GP Federation (North East Hampshire and Farnham)
- Slough GP Federation
- The Surrey Heath community providers

GP out of hours providers

- East Berkshire Primary Care
- North Hampshire Urgent Care

Ambulance Trusts

- South Central Ambulance Service NHS FT
- South East Coast Ambulance NHS FT

County Councils (including Public Health)

- Hampshire
- Surrey

Unitary Authorities (including public health)

- Bracknell Forest Council
- Royal Borough of Windsor and Maidenhead
- Slough Borough Council

District and Borough Councils

- Guildford Borough Council
- Hart District Council
- Rushmoor Borough Council
- Surrey Heath Borough Council
- Waverley Borough Council

5 Year Forward View

- The Five Year Forward View identified three gaps facing the NHS:
  - Health and wellbeing
  - Care and quality
  - Finance and efficiency

- These gaps threaten the care provided to patients/residents and the sustainability of the NHS.

- Sustainability and Transformation Plans, STP, are the local system response on how, together, we might address the gaps between now and 2020/21.

The Frimley STP priorities for the next 5 years

An underpinning programme of transformational enablers includes:

A. Becoming a system with **a collective focus on the whole population. B. Developing communities and social networks** so that people have the skills and confidence to take responsibility for their own health and care in their communities. **C. Developing the workforce** across our system so that it is able to delivery our new models of care. **D**. Using **technology** to enable patients and our workforce to improve wellbeing, care, outcomes and efficiency. E. Developing the Estate

The Frimley STP Initiatives for next 18 months

Seven initiatives on which we will focus in 2016/17-17/18

1. Ensure that people have the skills, confidence and support to **take responsibility for their own health** and wellbeing.
2. Develop integrated care decision making hubs to provide single points of access to services such as rapid response and reablement with phased implementation across our area by 2018
3. Lay the foundations for a new model of **general practice, provided at scale**. This includes work to further the development of GP federations to improve resilience and capacity
4. Design a **support workforce** that is fit for purpose across the system
5. Transform the '**social care support' market** including a comprehensive capacity and demand analysis and market management
6. Reduce **clinical variation** to improve outcomes and maximise value for individuals across the population
7. Implement a **shared care record** that is accessible to professionals across the STP footprint

How do you want to be involved?

Ideas….

- Online surveys
- Patient Panel group
- Task and finish groups e.g. to define “frailty”
- Representatives on steering groups

Based on these conversations, we will do a survey on HealthConnect and open the discussion to those who couldn’t be here today as well.

The role of CPF

Oversight of the STP

- All work streams come and present to the group?
  E.g. next meeting could focus on the prevention agenda.

- Space on the agenda for key challenges

  E.g. how do we define “frailty”

How do CPF members want to be kept up-to-date with work streams?

- Project updates to be sent around as and well available
- Milestone updates to be shared with the CPF
- What else?

Thank you!
