The 'Extended Hours Clinics' in Bracknell and Ascot are part of a national initiative to improve access to general practice

East Berkshire Clinical Commissioning (CCG) has commissioned Berkshire Primary Care Ltd to provide 'Extended Hours Clinics' which offer a range of appointments with local GPs, nurses, healthcare assistants and phlebotomists (blood tests). This is to provide greater appointment availability and flexibility for people. These clinics are in addition to some local GP practices offering in-house extended hours appointments for their patients.

People must be registered with a GP surgery locally to access the 'Extended Hours Clinics' and appointments can only be made in advance through their own GP practice.

These appointments are for routine general practice issues only and not for urgent care.

If urgent care is required, please call NHS 111 for advice.

For more information, please either contact your practice or Berkshire Primary Care Ltd at <http://berkshireprimarycare.co.uk>
